Quote Collage

Project Requirements:

1. Find at least 3 quotes that you like or relate to.
2. Write a paragraph describing the meaning or your interpretation for each quote (3 paragraphs total).
3. For each quote, generate a list of at least 10 things that you could take a photograph of to illustrate your quote.
4. Choose the quote that you would like to illustrate with your photographs. You will be creating a collage of your photos or a scene of photos to illustrate your quote.
5. Take at least 10 photos for the collage. You are only required to collage 5 together, but you still need to take at least 10 photos. The more you have to choose from, the better.
6. The photographs have to be taken by you!!! You cannot just save photos from the internet. That is plagiarism and you will get a zero if you do it!!!
